

Job Title: Right-of-Way Intern

Department: Public Works / Engineering

Location: Jasper County

Status: Internship (Part-Time/Temporary)

Start Your Career with Jasper County!

Looking for real-world experience that gets you out of the classroom and into the field? Jasper County is offering a hands-on internship that lets you explore how roads, land, and public infrastructure come together behind the scenes.

This is a great opportunity for college or technical school students, or motivated high school seniors interested in engineering, mapping, or public service.

What You'll Do

- Travel throughout the county to help identify and document public right-of-way areas
 - Work with maps, property records, and digital tools to understand land boundaries
 - Assist with collecting and organizing data using spreadsheets and mapping systems
 - Support county staff in updating records that help guide future road and infrastructure projects
 - Get a mix of **fieldwork and office experience**—no two days are the same
-

What You'll Gain

- Real, hands-on experience (not just filing papers)
 - Exposure to careers in **engineering, GIS, public works, and local government**
 - Resume-building skills and professional references
 - A better understanding of how your community is built and maintained
-

What We're Looking For

- A current college or technical student **or high school senior** with a strong interest in learning
 - Someone reliable, curious, and willing to work both indoors and outdoors
 - Basic computer skills (Microsoft Excel is a plus)
 - Ability to pay attention to detail and follow instructions
 - Valid driver's license (preferred)
-

Work Environment

This role includes both office work and outdoor field visits. You'll spend time traveling around Jasper County, working on roadsides, and exploring different parts of the community.

Physical Requirements

- Ability to walk and stand for periods of time
 - Ability to work outdoors in different weather conditions
 - Ability to lift up to 25 pounds occasionally
-

Compensation

Paid Internship
Flexible hours available to work around school schedules

Why This Internship?

Think of this as your behind-the-scenes pass to how a county really works. Instead of just driving the roads, you'll help understand how they're planned, maintained, and documented.
